# The Holstein cow!

Biggest race in the country since 11 years and in alone majority since 3 years back.

Average production on all 148.000 cows in the country are, year 2010, 9782 kilo milk, with 4,1 in fat & 3,4 in protein.

Average herd size is around 64-65 cows.

Sweden's Holstein cows are best in Europe and 4th in the world on producing milk after Israel, Canada & USA.

- Around 130 new cows, that have produced 100 ton of milk each year in the country.
- The last 5 years have 700 cows produced over 100 ton's of milk in Sweden of those are a bit over 500 Holstein cows.
- Around 50 excellent cows each year, re classified old and new once.

## Promotion for the best cow!

- Holstein for a happier farmer !
- Holstein to produce more than 100 ton's of milk !
- Holstein gives the milk, the conformation & the future !
- Holstein gives money left over !
